Hanh,

Are they incorporated into the draft for David's review?

I have made some minor editorial changes to the letter and detailed comments and sent both documents to David for his review.

Also, at David's request, I also put a call in to Clay Miller to confirm that HQ is not going to want to review our comments.

You have done a terrific job pulling this together. Thank you, both!

Hanh

Hello Mary Anne,

Before forwarding to David, I made 2 minor comments to be incorporated. I think it would be important to consider these points before finalizing. For all to review, I attached my comments.

Also, I am completing my training today and will be available to help finalize and send off this letter to USACE as necessary.

Thanks!

Cheers,  
Charissa

Good morning, Hanh and Charissa,

Enclosed is the draft cover letter for the substantive comments that I sent you last night. If you are comfortable with the two pieces, Hanh, you can forward to David for his review. Let me know if you have any questions.
